National Advocacy Update

Members of the New Mexico Direct Caregivers Coalition traveled to Washington, DC to meet with congressional staff on the future of long-term care in New Mexico and the country along with more than 100 representatives from 23 states. The meeting was organized by Caring Across Generations, an alliance of caregivers, policymakers and advocates, that develops policies for quality, affordable long-term care. Senate Resolution 128 was introduced the day of our arrival in D.C. Its companion, HRes 197, was introduced on the same day.
